If the moon is new today,

1. What will it be in a week?
2. What will it be in two weeks?
3. What will it be in three weeks?
4. What will it be in four weeks?
5. What will it be in three or four days?
6. What was it three or four days ago?
7. What was it a week ago?
8. What was it two weeks ago?

---

---

---

---

---

---

---

---

If the moon is first quarter today,

1. What will it be in a week?
2. What will it be in two weeks?
3. What will it be in three or four days?
4. What was it a month ago?

---

---

---

---

If the moon is waxing gibbous today,

1. What will it be in three or four days?
2. What was it two weeks ago?

---

---

If the moon is first quarter today,

1. What will it be in a week?
2. What will it be in three weeks?
